10:30am**

**EVERY CHILD EVERY DAY FOR A  
BETTER TOMORROW**

For over 50 years, career-tech at Stebbins High School has been helping students find their place in the ever-changing workforce. Stebbins offers a comprehensive environment where students can participate in one of ten career technical programs that are aligned to regional workforce needs. Students have the ability to earn multiple college credits, industry credentials, and a \$3,000 scholarship to Sinclair College upon completion of their program. Student are also able to participate in paid internship/apprenticeship programs while they are in high school.

June 19<sup>th</sup>, 2019 from 8:30am-  
10:00am**

Mission: Upper Valley Career Center is dedicated to providing the highest quality and most technologically advanced educational opportunities for students in a professional, caring environment while networking with the communities we serve.

- 25 career-technical programs

High school students can begin their career pathway, earn college credits, and begin work in their field - all while remaining active in sports and other activities at their home school. We've been the area's leader in STEM - Career and Technical Education for high school and adult students since 1975.

Upper Valley Career Center Adult Division helps adult learners from all education backgrounds and walks of life advance their careers or learn new skills for today's workforce. UVCC Adult Division is a post-secondary institution designed to combine hands-on training with classroom learning.
