Breaking Barriers: How BACs Use Emerging Tech to Connect Students to Careers

3-6-2025

Imagine giving students a front-row seat to in-demand careers— without ever leaving the classroom! The Montgomery County ESC's Business Advisory Council, representing 23 districts and 90,000 students, is using cutting-edge technology like VR to transform career exploration.

Join us to see how virtual reality and other emerging tech are breaking down barriers, creating immersive career experiences, and strengthening connections between students and local industries. Walk away with innovative ideas to bring these tools to your own district!

Bryan, you crushed it!

You have some serious talent and awesome career opportunities!

Explore more of your talents

You are a **Sequential Thinker.**

- You can easily organize ideas and concepts in your head.
- You're good at fitting steps into a process, or activities into a schedule, so you excel as a planner.
- Developing systems that do not exist or making existing systems more efficient is where you will shine.

Work Approach

Introduction to this career

A Day in the Life

Computer and Information Systems Managers, often called information technology managers (IT managers or IT project managers), plan, coordinate, and direct computer-related activities in an organization.

As an IT Manager you help determine the information technology goals of an organization and are responsible for implementing the appropriate computer systems to meet those goals.

Core Tasks 1 of 3

- Provide users with technical support for computer problems.
- Prepare and review operational reports or project progress reports.
- Evaluate data processing proposals to assess project feasibility and requirements.
- Review project plans to plan and coordinate project activity.
- Recruit, hire, train and supervise staff, or participate in staffing decisions.
- Develop and interpret organizational goals, policies, and procedures.

Computer & Information Systems Manager

How This Career Fits You

This graph shows how good of a fit you are on an aptitude by aptitude basis. You'll want your aptitude score to match up with the ideal fit, otherwise it might be too challenging or not stimulating enough for you.

Numerical Reasoning

Your ability in seeing numerical relationships is a strength with this career.

Computer & Information Systems Manager

How Your Interests Match This Career

Your interest in a career can help you decide which careers seem like a better fit for you when the abilities are similar

● Your Interests ○ Interest Rankings for This Career

The higher your interest in Investigative work, the more likely you are to enjoy work that allows you to explore ideas, conduct research, and gain knowledge to solve problems.

The higher your interest in Conventional work, the more likely you are to enjoy work with clearly defined rules and processes.

Data Dashboard

Welcome!

This dashboard serves as a central hub, providing partners with access to academic achievement metrics and progress toward community outcomes.

The screenshot displays the 'Data Dashboard' interface. At the top, it features the 'Learn to Earn Dayton' logo, the 'EVERY DAY IN SCHOOL MATTERS' banner, a search bar, and a 'DONATE >' button. The navigation menu includes 'ABOUT', 'STRATEGIC INITIATIVES', 'DATA', 'POLICY', and 'NEWS'. The main content area shows a line chart titled 'Third Grade Reading Proficiency 2019-2024' with data points for 2019 (26%), 2020 (31%), 2021 (28%), 2022 (38%), 2023 (42%), and 2024 (48%). Below the chart is a table titled 'Percent Proficient by Population' with columns for 'Population' (2019, 2020, 2021, 2022, 2023, 2024) and rows for 'Economic Disadvantaged' and 'Not Economic Disadvantaged'. A bar chart to the right shows 'Population Counts 2024' with values of 646 for 'Economic Disadvantaged' and 303 for 'Not Economic Disadvantaged'. A large 'Tutorial Video' overlay with a play button is centered on the chart. The interface also includes a 'View in Full-Screen Mode' button and a 'BACK TO CATEGORY' button in the bottom right corner.

Population	2019	2020	2021	2022	2023	2024
Economic Disadvantaged	30%	26%	36%	45%	65%	55%
Not Economic Disadvantaged	80%	51%	67%	71%	71%	77%

Quick Reference: Lesson Plan Topic Overview

*Note: Each Day in this Guide links to its corresponding Lesson at a Glance

Learning Plan
<p>Career Awareness (CA): By developing a basic understanding of various careers, students can make a plan for their WBL journey and career pathway. The first two weeks of instruction focus on the career awareness piece of the WBL continuum.</p>

Week 1: Establishing Foundation

- [Day 1: Introduction to Career Awareness](#)
 - This lesson introduces career awareness and explores why it's important for middle and high school students to become career aware. Students begin building the skills they need to plan their future.
- [Day 2: Introduction to Portfolios](#)
 - Students are introduced to portfolios as a tool for self-reflection and showcasing their learning. They will set up a portfolio and complete a practice reflection activity as a model portfolio artifact. The class will begin work on the My Career Sphere interview project, which is due at the end of Lesson 5.
- [Day 3: Introduction to Transfr](#)
 - Students are introduced to the station model (that is recommended for this class). They are also introduced to the Transfr headset (either Oculus (Quest 2) or Pico) via video. They will take notes using a Guided Notes Handout, following along with the teacher's slideshow and headset video. They will be able to practice the station rotations and play their first simulation in Lesson 4.
- [Day 4: Station Rotations \(Focus: My Career Sphere and Simulation\)](#)
 - Students participate in their first Station Rotation activity series, where they complete a teacher-led goal setting exercise, work independently on their Career Sphere art project, and complete their first Transfr Career Exploration aims.
- [Day 5: Station Rotations and Vision Board](#)
 - Students will complete their first Station Rotation activity series, completing a teacher-led goal setting exercise, working independently to complete their Career Sphere art project, and playing their first Transfr Career Exploration simulation. After finishing the rotations, students create a SMART goal aligned vision board.

Week 2: Exploring Career Clusters

- [Day 6: Self Assessment](#)
 - Students begin the process of translating skills, values, and interests into a career path by exploring

1 Help an Emergency Patient (Registered Nurse) ⓘ

Career Exploration Curriculum Resources

Access an 8-week Career Exploration Curriculum Resource for teachers to facilitate VR experiences into an existing learning program.

What's included

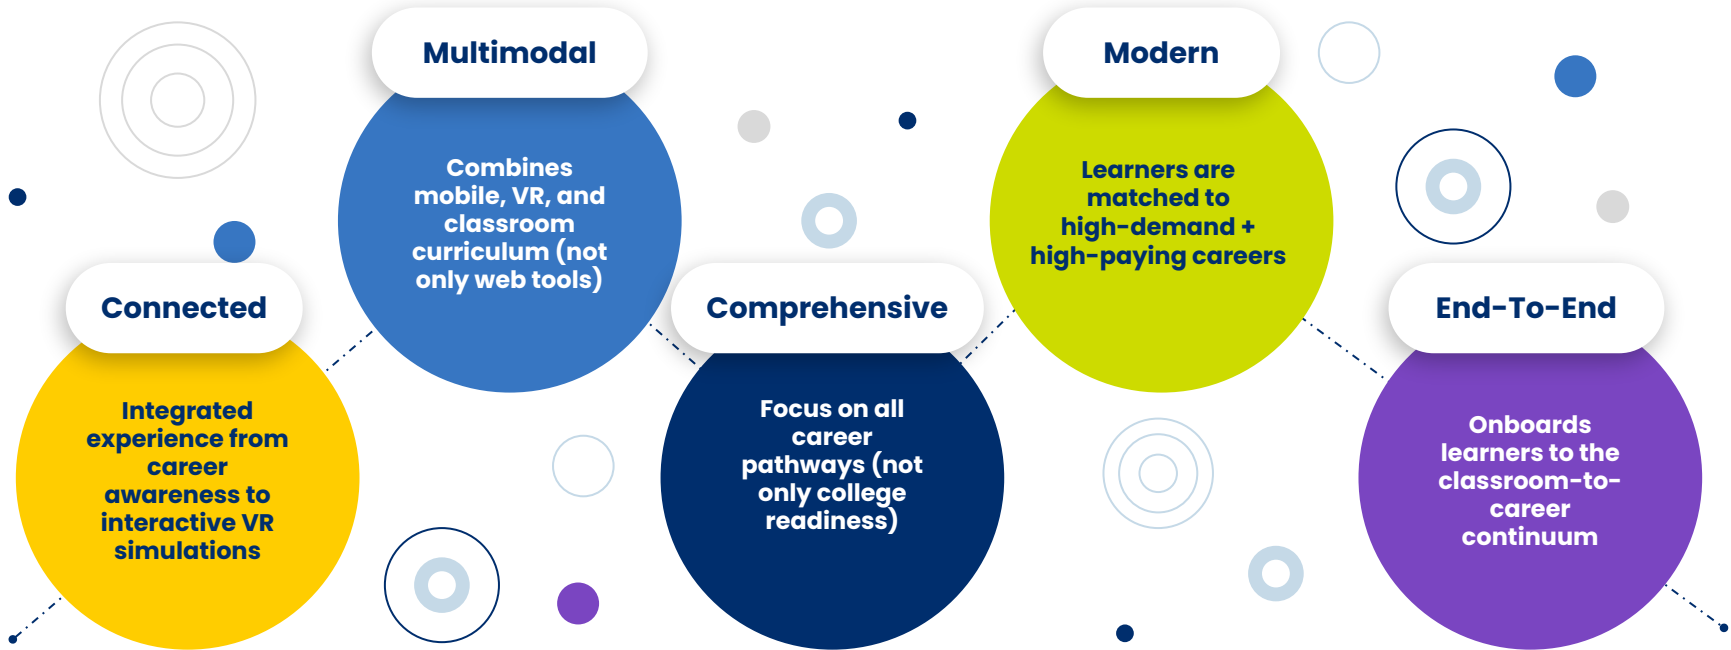

- Daily lessons
- Weekly overviews
- Student handouts
- Instructional materials
- Standards based unit plan
- Student facing slide decks
- Differentiated instructional practices
- Formative, summative and portfolio assessments

Transfr Experience

Transfr Trek Stands Apart from Legacy Platforms

We Support Your Success

Transfr is the leading partner to enable a classroom-to-career pathway in your community.

Curriculum Resource

Access an 8-week, standards-aligned Career Exploration Curriculum Resource filled with lesson plans, handouts, slides, and instructional guides to help implement VR exploration into any existing learning program.

Implementation Support

Transfr Customer Success Managers support our customers with implementation, support, professional learning, and ongoing account management.

Professional Learning

Transfr's professional learning series helps build facilitator confidence in using VR as an immersive tool to support the classroom-to-career pathway. It fosters collaboration among educators and provides a platform to share ideas and best practices for VR integration.

Grant Funding Guidance

Transfr can help you navigate available funding opportunities to help you grow your career exploration programs.

Bridge Career Connections

Through our national partner footprint we can help bridge career pathways by connecting schools with colleges, employers, and organizations looking to train or hire.

Roadmap Collaboration

We may be the market leader, but we're still nimble and love to get input from our customers to shape our roadmap. We attend industry events (ERDI, ETSI, SkillsUSA) and hold an annual customer conference (XR Futures), as well as webinars and launch events.

Thank You!
